## *Delivering Custom Solutions that Fit*

Hobark International Limited, via her subsidiaries; DrillPet International Ltd, Uniterm Nigeria Ltd, Hobark Consultant Management Services, Tuwal Ltd, Linkpetro Services Ltd, Southwestern Technical & Oilfield Services Ltd, H-PTP Energy Services Ltd, provide Well Engineering, Wireline Logging, Directional Drilling, Drilling Optimization, Logging While Drilling, Borehole Gyroscopic Surveying, Speciality Mud Loss Circulation Solutions; Drilling & Workover Rigs, Downhole Drilling Tools, Procurement of Oilfield Materials and Equipment, and Storage Solutions, EPC; Well Intervention & Production Enhancement Services; Enhanced Oil Recovery Services; Marine and Subsea Services; Well site services such as Facilities Management, Living Quarters and Catering; Manpower Services and supervision of Third Party Service providers; Integrated Project Management - Well Delivery

Thus, Hobark Group is able to provide fast and customized Integrated Energy Project solutions for her clients in the following areas:

- FEED and Detailed Engineering Services – Onshore/Offshore Facilities
- Exploration, Subsurface, Petroleum Engineering and Seismic Services
- Well and Drilling Services / Petroleum Technology
- Materials and Procurement
- Fabrication & Construction Services
- Installation, Hook-up and Commissioning Services
- Surveying / Positioning Services
- Inspection, Testing and Certification Services
- Health, Safety & Environment Services
- Research & Development Services
- Project Management / Consulting
- Digital Oilfield Services

## Hobark Subsidiaries Services

*Uniterm is a Drilling Rig Services Provider, active today with major E&P companies in Nigeria. It is also an EPC Company*

*DrillPet is a leading Drilling contractor in Nigeria and has contracts with most E&P companies for Directional Drilling, Measurements, Borehole Gyro Survey and Wireline Logging services.*

Deep Water Intervention Vessel

Rigs

Electric Wireline

Procor LCM Chemicals

Wellhead

Location Mat

Technicians on Breakout Machine

Logging Units

Nitrogen Generation

Megadeck Roadway

Field Engineer Inspecting an MWD / LWD Tool

Survey Specialist Making up Gyro Tool

### Provision of:

- Onshore, Swamp and Offshore Drilling rigs
- EPC Projects and Evaluation
- Drilling Bits
- Fishing and Downhole tools rentals
- Onsite Nitrogen generating and pumping
- Wellhead and accessories such as xmas trees, valves and Control panels
- Solids Control Services
- Industrial Catering

Email: [admin@unitermintl.com](mailto:admin@unitermintl.com)

### Provision of:

- Directional Drilling
- Measurement While Drilling
- Logging While Drilling
- Definitive Borehole Survey, using North Seeking Gyros, Technical Alliance with Gyrodata
- Drilling Optimization
- Speciality Mud Loss Circulation Solution
- Wireline Logging Services

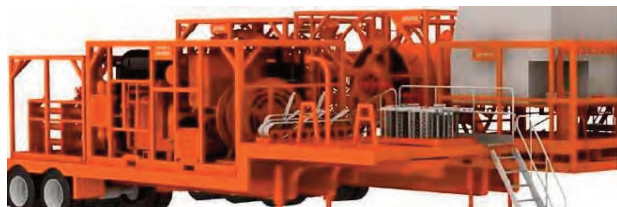

Email: [admin@drillpetintl.com](mailto:admin@drillpetintl.com)

## Hobark Subsidiaries Services

**South Western  
Technologies & Oilfield  
Services Ltd.**

*SWTOS specialises in providing Production & Well services solutions to Upstream Oil & Gas sector*

*Coil Tubing Unit*

*Skid Mount Pumping Unit*

*Pump Panel*

*Pumping Unit*

### Provision of:

- Well Interventions
- Completion Services
- Pumping and Cementing
- Coiled Tubing & Slickline
- Well Stimulations
- Gravel pack & Pumping
- Well Testing, Drill Stem Test & TCP
- Drilling Fluids

Email: [admin@swoilfield.com](mailto:admin@swoilfield.com)

**Hobark  
Consultant  
Management  
Services**

*HCMS a global supplier of full-cycle Manpower Services.*

### Provision of:

- Manpower Supply and Management (Technical and Non-Technical - Onshore & Offshore)
  - > Well Engineering Consultants
  - > Interventions & Well Services Consultants
  - > Project Management Consultants
  - > Logistics and Support Consultants
  - > Contracts & SCM Consultants
  - > Production & Operations Consultants
  - > Reservoir & Subsurface Consultants
- Global Logistics Support/ Visa & Immigration
- Multi-Currency Payroll & HR Support Function
- Full Insurances and Medical Cover
- Medical Emergency and Evacuation Cover
- Training- Oilfield Services (OGTAN Member)

email: [admin@hobarkintl.com](mailto:admin@hobarkintl.com)

## Hobark Subsidiaries Services

*Linkpetro specializes in Marine and Subsea projects*

*Vessel-to-Vessel Transfer Operations;*

*UAV (Drone) Facilities  
Inspection & assessment*

*Inspection Class ROV*

*Pipelay Operation on an  
Offshore Construction  
Vessel*

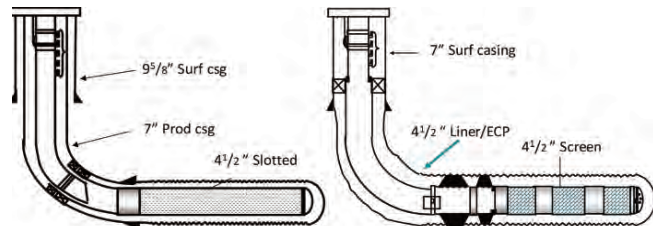

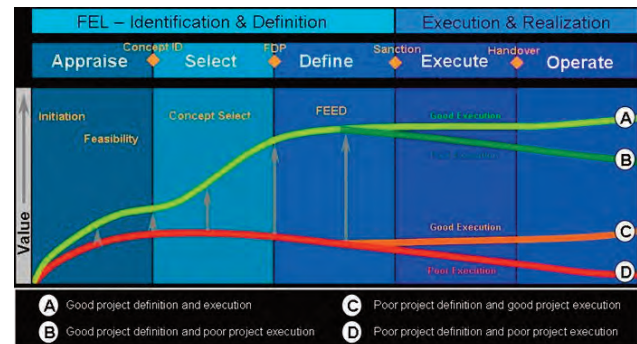

### Provision of:

- Subsea and pipeline engineering / Procurement
- Supply of Pumps, valves and pipes
- Underwater ROV inspection, surveys, and integrity assessment with own equipment
- Advanced safety auditing and reviews, HAZIDS, and HAZOPS for marine construction
- Subsea facilities Intervention, maintenance and openwater light marine construction
- Pipeline, flowline construction and installation
- Civil/Structural Engineering works

Email: [admin@linkpetro.com](mailto:admin@linkpetro.com)

*H-PTP specializes in Safe, Reliable and Affordable Well Delivery*

### Provision of:

- Asset Subsurface Services – Geology and Reservoir Engineering
- Reservoir Management
- Field Development Planning
- Collaborative Well Planning & Execution
- Wells Contracting & Supply Chain Management
- Wells Delivery: Turnkey Drilling Services
- Well Intervention & Production Optimization

### The H-PTP Advantage

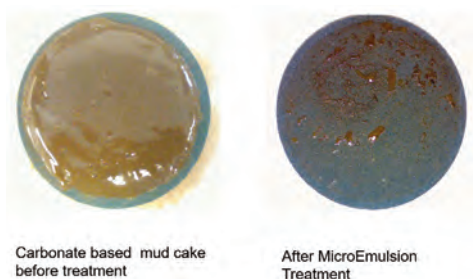

- Lowest life cycle Well Cost
- Team Cohesion Between Delivery Teams
- World-Class Expertise Transferred
- World Class Execution Performance

Email: [admin@hptpenergy.com](mailto:admin@hptpenergy.com)

## Hobark Subsidiaries Services

*Tuwal limited is a provider of production improvement and enhancement services using Microemulsion chemical technologies*

### Provision of:

- New wells filter cake removal and rock matrix water wetting to increase production / injectivity.
- Remediation of old wells to increase production / productivity index / Injectivity. We typically achieve between 200% to 500% production increase.
- Flow assurance chemistry and friction reducers.
- General Well Stimulation Services.
- Wax Removal and Inhibition.
- Drill Cuttings Treatment on site using mud-cube (achieves > 50% reduction of lost mud and 50% reduction of cutting treatment and transportation cost).
- Well Bore Clean out Services.
- Production Chemicals.

*Put our Micro-Emulsion Technology to the test in your wells today to unleash the full potential of your reservoir.*

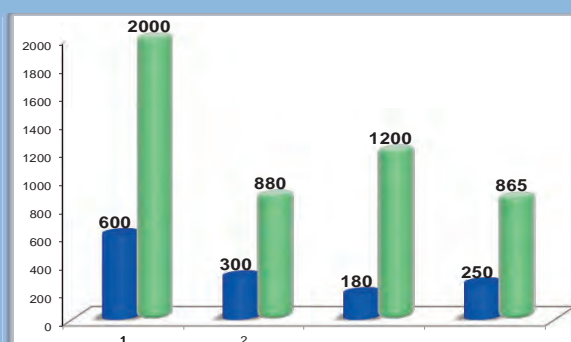

*You will never again leave any of your wells (producers and injectors) untreated.*

### Project - West Africa

*Oil production in Bopd before and after treatment with our Microemulsion products on 4 producing wells in West Africa.*

*All the wells **more than doubled** their production after treatment.*

## IPM Services Offered:

**Turnkey Project Management:** This is for Clients who want to outsource projects. Integrated Project Management is offered, whereby **H-PTP** assumes all financial and operational responsibility to deliver a completed project that meets client specification at an agreed-upon cost.

**Professional Consultancy:** This is for Clients who want to make and retain all Financial and Operational decisions, but require expertise opinion/experience in Project Management and Execution. **H-PTP** provides a team of Consultants and Project Management Professional who work together, under the clients' supervision to deliver the project on time and within budget.

**Consultant Management:** This is for Clients who require short term services which involve provision and allocation of resources without much commitment. This is provided under the body shop model where **HCMS** supplies and manages the Consultants who provide the required services on a Monthly or Daily Rate payment basis.
